

HOMEOWNER'S ASSOCIATION II

To Whom It May Concern:

A few words of expression of appreciation for Creative Resources Administrative Support Services. We have entrusted our administrative work to this company. It has been my pleasure to work with the president of this company.

Creative Resources has consistently achieved our requests and is very punctual in making sure we never miss our deadlines. Alana is very helpful and she works hard to get the job done correctly the first time.

I have received numerous compliments concerning the creative work she produces. Creative Resources is one of those companies that I would recommend by saying 100% satisfaction.

Sincerely,

An'Drea Liddell
